Through 30 Clubs, dedicated staff, volunteers and donors, the Boys & Girls Clubs of Metro Atlanta (BGCMA) provides hope, promise, and opportunity to more than 17,000 children and teens each year. From positive role models to hands-on experience with technology, artistic endeavors and athletics, we provide avenues to our kids, which help them to reach their full potential and strive for a bright future.

**Our mission is simple, but incredibly powerful. We provide quality developmental programs that empower Metro Atlanta youth, especially those from disadvantaged circumstances, to become productive adults.**

Proceeds from the event will support the organization's gender-specific programming initiatives – SMART Girls and Passport to Manhood. These programs benefit young women and young men in the areas of Character and Leadership Development, Health and Life Skills, Education and Career Development, and Arts & Cultural Enrichment.

**For more information on Putt for Promise and to support Boys & Girls Clubs of Metro Atlanta, contact Jill Redman at (404) 527-7101 or [jredman@bgcma.org](mailto:jredman@bgcma.org).**

***The Golf Club of Georgia ... one of America's most extraordinary, 36-hole golf experiences.***

The Golf Club of Georgia is a member-owned, private club in Alpharetta, Ga., just north of Atlanta, featuring two Arthur Hills-designed championship courses, Lakeside and Creekside.

The Golf Club of Georgia is world-renowned for its course conditions, impeccable service and respect for the traditions of the game.

***The Golf Club of Georgia's two championship courses offer members and guests a unique difference in style and appearance.***

The Golf Club of Georgia's two Arthur Hills-designed courses are distinctly different from each other, offering the golfer enormous architectural, aesthetic and strategic variety.

The Lakeside Course, a more traditional modern layout with demanding, firm and fast greens, was honored in 1991 by Golf Digest as "Best New Private Course" in America. With a back nine playing around scenic Lake Windward, the Lakeside Course challenges the senses and the short game.

Creekside, which opened in 1993, is a target-style, wetlands course reminiscent of the Carolina Low Country and requiring accurate shotmaking.

In 1999, Golf Digest honored Lakeside's par-5, 607-yard 11th hole as one of "America's Best 99 Golf Holes."

Lakeside is the annual site of the United States Collegiate Championship and also has hosted U.S. Open Sectional qualifying. Both Lakeside and Creekside have hosted The Georgia Cup, established in 1998.
